✉ imrohittsingh.rs@gmail.com </> [LeetCode](#)

B.Tech Computer Science student (Sophomore) with a strong foundation in Data Structures Algorithms, Object-Oriented Programming, and full-stack web development. Proficient in C++, Java, Python, React, Node.js, Express.js, and MongoDB. Solved 200+ algorithmic problems on LeetCode, strengthening analytical and problem-solving abilities. Passionate about building scalable applications and seeking a Software Engineering or Web Development Internship to apply technical skills in real-world projects.

Experience

Frontend Developer

2024 – Present

Self-Initiated Learning

Online

- Engineered responsive, highly interactive web applications utilizing React and Tailwind CSS, prioritizing component reusability and clean state management.
- Built reusable UI components and optimized layouts for different screen sizes.

Backend Developer

2024 – Present

Self-Initiated Learning

Online

- Architected secure RESTful APIs and server-side applications using Node.js and Express.js, integrating robust JWT authentication and middleware logic.
- Designed and queried efficient database schemas, implementing data validation routines to streamline API integrations and third-party data fetches.

Competitive Programmer

2024 – Present

LeetCode

Online

- Solved 200+ coding problems covering arrays, strings, linked lists, trees, graphs, greedy algorithms, recursion, and dynamic programming.
- Refactored code solutions in C++ and Java to optimize time and space complexity, consistently achieving high-percentile runtime performance.

Technical Skills

Languages: C, C++, Python, Java, JavaScript, HTML/CSS

Frameworks & Libraries: React, Node.js, Express.js, Tailwind CSS

Databases: MySQL, MongoDB

Data Science & Analytics: NumPy, Pandas, Matplotlib

Developer Tools: Git, GitHub, VS Code

Education

Bachelor of Technology

Aug 2024 – July 2028

University School of Information Communication and Technology

Delhi

- Major: B.Tech in Computer Science

Strengths

Problem Solving

Strong analytical skills developed through DSA practice and competitive programming.

Quick Learner

Ability to grasp new technologies and programming concepts rapidly.

Team Collaboration

Experienced in working with peers on academic and personal projects.
